Amber RFC

10th January 2022

Dear Applicants, dear Customers,

Publication of Pre-arranged Paths (PaPs) for Timetable 2023

Dear Madam, dear Sir, dear Applicants,

I am pleased to inform you about the publication of the **Pre-arranged Paths (PaPs) on RFC Amber for Timetable 2023**. The Pre-arranged Paths are available for you in the Path Coordination System (PCS), the unique booking tool for PaPs.

You can order them via following link <https://pcs-online.rne.eu/pcs/#/login>

To simplify your selection of PaPs, I would like to provide you with the **“DigiCat TT2023”** accessible on our website in which you will find the individual PaPs for all sections you may choose to request the path.

<https://rfc-amber.eu/downloads>

Please submit your path requests for the Timetable 2023 until 11th April 2022 by using PCS. As the C-OSS I will then decide on the pre-booking of the whole international request in one operation based on the priority rule, which has been adopted by the Ministries of Transport along the Rail Freight Corridor. To support your traffic planning you will then receive a preliminary information about the pre-booking results by the 25th of April 2022.

The draft and final timetable offer will be communicated on the 04th July 2022, respectively on 22nd August 2022 via PCS.

Please find further details on the product on our website, in PCS and in the Customer Information Platform (CIP), together with all relevant information on the procedures for requesting and allocating capacity Corridor Information Document (CID)

Please do not hesitate to contact me for any questions you might have or support you need while requesting the path(s).

Yours sincerely

Roman Stańczak
Your C-OSS Manager
Amber RFC
